# City bike

Rzeszów - as one of the first cities in Poland - set system of urban bicycle. Twenty stations, after registration on the Internet and for a small fee you can rent a bike. We have a hundred bicycles to rent. City Hire a bike formally launched 19 November.

On [www.roweres.pl](http://www.roweres.pl) you can find all information about the bikes, the map of the station costs. Get information there too, where you can pick up the tab, without the bike rental is not possible. At each station bicycle ROWERES station will be located in proximity card reader. Touch card to the reader, electric lock release and thereby allow detaching the bike, which will be considered as rent. Each proximity card will be writable, which means that it will be a carrier of information about the status of the customer account (not a carrier of personal data). The system will collect from the customer's account right amount of money for adequate time to rent bikes. Return of bikes will take place analogously to the process of rent. The customer will have to indicate to the system that wants to return the bike by touching card to the reader at the vacant place. After touching the card, the lock will be released to position which you will be able to fasten your bike.
